Oak Ridge, a trademark of Coating Holdings LTD (CHLTD), is a Wisconsin & USA based company, specializing in Polyethylene plastics and Polyurea/Polyurethane protective coatings & foam insulation products to provide the industry with protective products for severe corrosion and need to wear applications, among many others.

CHLTD has continued to provide products which are user friendly and of the highest quality raw materials available today. Along with the ability to custom formulate specialty chemicals in unique applications, we are committed to providing solutions that have proven themselves in the field today. With manufacturing facilities located in eastern & western USA, we are logistically suited for economical shipments & delivery times.

Call us today so we can share with you our product line.

We will match or beat any competitors price on like materials.

**Sincerely,**

Jed Stellmacher
